INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF

M/S. Northern Arc Securities Private Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **Northern Arc Securities Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2025, the Statement of Profit and Loss, including the statement of other comprehensive income, the Cash Flow and the Statement of Changes in Equity for then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, its Loss including other comprehensive income, it's Cash Flows, and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. As the Company is an unlisted entity, Reporting of Key Audit Matters as per SA 701, is not applicable.

No. 72, Marshalls Road, Rajah Annamalai Building, 3rd Floor, Egmore, Chennai - 600 008.

Continuation Sheet.....

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, management discussion and analysis, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Interim Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Interim Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

Continuation Sheet.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- **1.** As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- **2.** As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph (i)(vi) below on reporting under Rule 11(g)
 - (c) The Balance Sheet, the Statement of Profit and Loss, including the statement of other comprehensive income, the Cash Flow Statement and the statement of changes in equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind As) prescribed under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as applicable.
 - (e) On the basis of the written representations received from the directors as on 31 March,2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;

- (g) In our opinion, no managerial remuneration for the year ended March 31st,2025 has been paid/provided to the directors of the company in accordance with the provisions of section 197 read with Schedule V to the act.
- (h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above on reporting under section 143(3)(b) and paragraph (i)(vi) below on reporting under rule 11(g).
- (i) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company does not have any pending litigation which would impact its financial position.
- ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection fund by the company.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or its joint operation companies incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or its joint operation companies incorporated in India or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company or its joint operation from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or its joint operation companies incorporated in India shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

Continuation Sheet.....

- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (iv)(a) and (iv)(b) contain any material misstatement.
- v. The company has neither declared nor paid any dividend during the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. During the course of our audit, we have not noted any instances of the audit trail feature being tampered at the application level. However, in the absence of service organization controls (SOC) report covering the audit trail feature at a database level, we are unable to comment on whether audit trail feature of the said software was enabled and operated throughout the year or whether there were any instances of the audit trail feature being tampered with at a database level.

Annexure A to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the separate financial statements for the year ended 31 March 2025, we report that:

Re: Northern Arc Securities Private Limited

In terms of the information and explanation sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

i) Property, Plant and Equipment:

- a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property Plant & Equipment on the basis of available information.
- b) As explained to us, all the Property Plant & Equipment have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
- c) There is no immovable property (Other than property where company is lessee and the lease agreements are duly executed in the favour of lessee), held by the company and accordingly, the requirement to report on clause 3(i)(c) of the order is not applicable to the company.
- d) The company has not revalued its Property Plant & Equipment during the year
- e) As explained to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii) (a) The Company's business does not require maintenance of inventories and accordingly, the requirement to report on clause 3(ii)(a) of the order is not applicable to the company.
 - (b) The company has not been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(iii)(b) of the order is not applicable to the company.
- iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

- (b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.
- (c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.
- (d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.
- (e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- iv) The Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.
- v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report n clause 3(v) of the Order is not applicable to the Company
- vi) The Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the services of the Company
- vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income-tax, duty of Customs, GST, cess and any other material statutory dues as applicable with the appropriate authorities. There are no dues as at the last day of the financial year concerned for a period of more than six months from the date, they became payable. The provisions of provident fund, employee's state insurance, sales-tax, service-tax, duty of customs, duty of exercise, value added tax are not applicable to the company.
 - (b) According to the information and explanations given to us and the records of the Company examined by us there were no amounts due as on March 31, 2025 in respect of Income-Tax, Sales-Tax GST and Cess which have not been deposited on account of any dispute. The provisions of provident fund, employee's state insurance, sales-tax,

Continu		Chant	
Contini	iation	Sneet.	

service-tax, duty of customs, duty of exercise, value added tax are not applicable to the company

- viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- ix) (a) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company
 - (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority
 - (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company
 - (d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company
 - (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company
 - (f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of 'the Order is not applicable to the Company.
- (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company
 - (b) The Company has made a private placement of 10,00,000 equity shares (Face value-Rs 10/-) for Rs 1,00,00,000/- to the holding the company (Northern Arc Capital Limited). All the provisions of Section 42 and Section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purpose for which the funds were raised.
- xi) (a) No fraud by the Company or no fraud on the Company has been noticed or reported during the year.
 - (b) During the year, no report under sub-section (12) of section 143 of the companies act 2013 has been filed by us in Form ADT 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

Continuation Sheet.

- (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- xii) According The Company is not a Nidhi Company as per the provisions of the Companies Act, 2013 Therefore, the requirement to report on clause 3(xii)(a), (b), (c) of the Order is not applicable to the company.
- xiii) The Company is a private company and is thus not required to establish an Audit Committee as prescribed under Section 177 of the Companies Act, 2013. Further, as explained to us, the Company satisfies the conditions for exemption from the provisions of section 188 prescribed in notification dated June 5, 2015 issued by the Ministry of Corporate Affairs and therefore, the provisions of section 188 do not apply to the Company. Accordingly, the requirement to report on clause 3(xiii) of the Order is not applicable to the Company.
- xiv) (a) The provisions of Section 138 to the Companies Act, 2013 in relation to Internal audit is not applicable to the Company. Accordingly, the requirement to report on clause 3(xiv) (a), (b) of the Order is not applicable to the Company.
- xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company
 - xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company
 - (b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities
 - Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.
 - (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company
 - (d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii) The Company has incurred cash losses of Rs 86.57 Lakhs in current financial year and Rs. 2.39 Lakhs in preceding financial year.
- xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company

Continuation Sheet.....

- xix) On the basis of the financial ratios disclosed in Note 31 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) The provisions of Section 135 to the Companies Act, 2013 in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clause 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Northern Arc Securities Private Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

All amounts are in Rs lakhs unless otherwise stated

1 Reporting entity

Northern Arc Securities Private Limited was incorporated on February 23, 2023, with the aim to undertake the business of facilitating investments and act as advisors to provide financial/ investment adviser to both Indian and Foreign Investors. The company is a wholly owned subsidiary of Northern Arc Capital Limited. The Company's registered address is No. 1, Kanagam Village, 10th Floor IITM Research Park, Taramani Chennai TN 600113.

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act'), other relevant provisions of the Act.

Details of the Company's Significant accounting policies are disclosed in note 3.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Rupees in lakhs (two decimals), unless

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except

Items	Measurement basis
Investments in Mutual funds	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined
	benefit obligations

2.4 Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash or cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

2.5 Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Information about judgements, estimates and assumptions made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

i Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income or fair value through profit and loss that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

2.5 Use of estimates and judgements (continued)

ii) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values.

iii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates

The Company's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- a) The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- b) Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as consumer spending, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

iv) Provisions and other contingent liabilities

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

These estimates and judgements are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Management believes that the estimates used in preparation of the financial statements are prudent and reasonable.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

v) Other assumptions and estimation uncertainties

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year are included in the following notes:

- a) Measurement of defined benefit obligations: key actuarial assumptions;
- c) Recognition of deferred taxes;

3 Significant accounting policies

3.1 Revenue Recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Fee income

Fees income such as fees related to professional services rendered and arrangement of funds is recognised on point in time or over the period basis, as applicable

Interest income

Interest income is recognised on a time proportionate basis.

Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

3.2 Financial instrument - initial recognition

A Date of recognition

Financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from this amount.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

C. Measurement categories of financial assets and

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost
- ii) Fair value through other comprehensive income (FVOCI)
- iii) Fair value through profit or loss (FVTPL)

3.3 Financial assets and liabilities

A. Financial assets

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- a) How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- b) The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- c) How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- d) The expected frequency, value and timing of sales are also important aspects of the Company's

Sole Payments of Principal and Interest (SPPI test)

As a second step of its classification process, the Company assesses the contractual terms of financial to identify whether they meet SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount). The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the period for which the interest rate is set.

In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

Accordingly, financial assets are measured as follows

i) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

B. Financial liability

i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

ii) Subsequent measurement

Financial liabilities are carried at amortized cost

3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

3.5 Derecognition of financial assets and liabilities

A. Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes.

B. Derecognition of financial assets other than due to substantial modification

i) Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss.

ii) Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

3.6 Impairment of financial assets

The Company recognises loss allowances for expected

financial assets measured at amortised cost;

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or
- a breach of contract such as a default;
- the restructuring of a loan or advance by the
- it is probable that the borrower will enter
- the disappearance of an active market for a

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held).

3.6 Impairment of financial assets (Continued)

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet
Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying

3.7 Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

3.8 Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company has taken into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 financial instruments: Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date;

Level 2 financial instruments: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads; and

Level 3 financial instruments -Those that include one or more unobservable input that is significant to the measurement as whole.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

3.9 Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company, at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

3.10 Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the written down value method, and is generally recognised in the statement of profit and loss.

The Company follows estimated useful lives which are given under Part C of the Schedule II of the Companies Act, 2013. The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Asset category	Useful Life
Computers and accessories	3 years
Office equipments	3 years

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset

3.11 Impairment of non-financial assets

The Company determines periodically whether there is any indication of impairment of the carrying amount of its non-financial assets. The recoverable amount (higher of net selling price and value in use) is determined for an individual asset, unless the asset does not generate cash inflow that are largely independent of those from other assets or group of assets. The recoverable amounts of such asset are estimated, if any indication exists and impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

3.12 Employee benefits

i. Post-employment benefits

Defined contribution plan

The Company's contribution to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made and when the services are rendered by the employees.

Defined benefit plans

Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

ii. Other long-term employee benefits

Compensated absences

The employees can carry forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

iii. Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the year in which the employee renders the related service. The cost of such compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

3.13 Leases

Effective April 01, 2019, the Company has adopted Ind-AS 116 - Leases and applied it to all lease contracts existing on April 01, 2019 using the modified retrospective method. Based on the same and as permitted under the specific transitional provisions in the standard, the Company is not required to restate the comparative figures.

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- Leases of low value assets: and
- Leases with a duration of 12 months or less.

The following policies apply subsequent to the date of initial application, April 01, 2019.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Company if it is reasonably certain to assess-that-option;
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Company is contractually required to dismantle, remove Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Company revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right of-use asset is adjusted to zero, any further reduction is recognised in statement of profit and loss.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e. it does allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

3.14 Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

3.14 Income tax (Continued)

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefit ts in the form of availability of set off against future income tax liability.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

3.15 Borrowing cost

Borrowing costs are interest and other costs incurred in connection with the borrowings of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowings costs are recognized as an expense in the statement of profit and loss account on an accrual basis using the effective interest method.

3.16 Cash and cash equivalents

Cash and cash equivalents comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Notes forming part of the financial statements for the Period from 01st April 2024 to 31st March 2025 CIN: U66120TN2023PTC158583

All amounts are in Rs lakhs unless otherwise stated

3.17 Segment reporting- Identification of segments:

An operating segment is a component of the Company that engages in business activities from which it earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker (CODM) to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

3.18 Earnings per share

The Company reports basic and diluted earnings per equity share in accordance with Ind AS 33, Earnings Per Share. Basic earnings per equity share is computed by dividing net profit / loss after tax attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed and disclosed by dividing the net profit / loss after tax attributable to the equity share holders for the year after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

3.19 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the Company are segregated. Cash flows in foreign currencies are accounted at the actual rates of exchange prevailing at the dates of the transactions.

24 Disclosure under Micro, Small and Medium Enterprises Development Act, 2006

Under Micro, Small and Medium Enterprise Development Act, 2006 ('MSMED') which came into force from October 2, 2006, certain disclosures are required to be made relating to Micro, Small and Medium enterprises. Based on the information and records available with management and to the extent of confirmation sought from suppliers on registration with specified authority under MSMED, principal amount, interest accrued and remaining unpaid and interest paid during the year is furnished as under. The disclosure provided below are based on the information and records maintained by the management and have been relied upon by the auditor.

Particulars	As at March 31, 2025	As at March 31, 2024
a. The principal amount and the interest due thereon (to be shown separately) remaining unpaid to any supplier as at the end of each accounting period		
Principal Interest	-	
b_{\star} The amount of interest paid by the buyer in terms of section 16 of the Micro, Small and		
Medium Enterprises Development Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year;	200	*
c. The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006;	3	ŝ
d. The amount of interest accrued and remaining unpaid at the end of each accounting year; and	€	ê.
e. The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.		2

28 Employee Benefits

28.1 Defined Contribution Plan

The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognized as an expenses in the statement of profit and loss during the period in which the employee renders the related service. The amount recognised as an expense towards contribution to provident fund for the year ended March 31, 2025 is Rs 3,44 Lakhs (March 31,2024:NIL)

28.2 Defined Benefit Plans

The Company's gratuity benefit scheme is a defined plan. The Calculation of the Company's obligation under this plan is performed for the first time in Financial Year 2024-25 by a qualified actuary using the projected unit credit method at the year end. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current period; that benefit is discounted to determine its present value. The fair value of any plan assets are deducted and unrecognised past services are considered.

Details of actuarial valuation of gratuity pursuant to the Ind AS 19

29 Segment Accounting:

Operating segments

The Company's operations predominantly relate to financial advisory services. The information relating to this operating segment is reviewed regularly by the Company's Board of Directors (Chief Operating Decision Maker) to make decisions about resources to be allocated and to assess its performance. The CODM considers the entire business of the Company on a holistic basis to make operating decisions and thus there are no segregated operating segments. The CODM of the Company reviews the operating results of the Company as a whole and therefore not more than one reportable segment is required to be disclosed by the Company as envisaged by Ind AS 108 Operating Segments.

The company does not have any separate geographic segment other than India. As such there are no separate reportable segments as per IND AS 108 Operating Segments.
