

Origination through Digital Lending Platforms

Origination of loans through various digital lending platforms as well as other lenders, both traditional and fintech, under direct origination and co-lending arrangements is another step we have taken towards enabling access to finance for the underbanked in an efficient, scalable, and reliable manner. Below given are the digital lending platforms and lenders through whom we originate loans under direct origination or co-lending arrangements through 'digital-only' or on 'digital and brick-mortar' channels of delivery of credit.
